Scott Beebe
Principal

9/30/08

The Academy of Business and Leadership Education (A.B.L.E School) in St. Augustine, Florida uses CoolCat Inc.'s Electronic Recycling services to recycle to all of our old systems. CoolCat Inc. has also sold us over 50 laptop computers and installed our initial network here at the school.

We are glad to have a strong relationship with CoolCat Inc. as they continue to provide us with their professional services in strengthening our education here at the A.B.L.E School.

Sincerely,

Scott Beebe, Principal

ABLE will strive to inspire and cultivate the innate leadership and creative impulses within all children, developing educated, caring and responsible world citizens.
